**CANCER CARE ASSOCIATES' PHYSICIAN ACCEPTED TO  
DARTMOUTH COLLEGE MASTER OF HEALTH  
CARE DELIVERY SCIENCE PROGRAM**

(FRESNO, CALIF.) — Dr. Michael Moffett of Cancer Care Associates, has accepted a position at Dartmouth College in its Master of Health Care Delivery Science Program.

The 18-month program, developed in partnership with the Tuck School of Business and the Dartmouth Institute for Health Policy and Clinical Practice, combines advanced research expertise in health care outcome and Dartmouth's proven training in leadership operations.

"As a participant in this prestigious program, I hope to guide the effects Health Care Reform will have in oncology and help to ensure quality patient care," said Moffett.

At the heart of the program is a commitment to the value-based improvement of health care delivery, achieving better outcomes for the same or lower costs that are scientifically, ethically, and managerially sound.

Moffett is board-certified in internal medicine, medical oncology and hematology.

Cancer Care Associates is a team of board-certified oncologists, hematologists, nurses and other highly-skilled cancer care professionals who work together closely with their patients and their patients' loved ones throughout the course of recovery. It's this compassionate approach, combined with its state-of-the-art facilities, comfortable environment, and commitment to implementing the most advanced treatment techniques available, that makes it Central California's premier oncology center.
